

**REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS
OF SAN BERNARDINO COUNTY, CALIFORNIA
AND RECORD OF ACTION**

May 4, 2004

FROM: PATRICK J. MEAD, Interim Director
Department of Public Works - **Transportation**

SUBJECT: CERTIFICATION OF COUNTY MAINTAINED MILEAGE

RECOMMENDATION: Certify to the State Department of Transportation that there were 2,830.28 miles of road in the County Maintained Road System as of April 1, 2004.

BACKGROUND INFORMATION: Section 2121 of the Streets and Highways Code requires that each County, on an annual basis, submit to the State Department of Transportation any additions to, or deletions from, the road mileage in the County Maintained Road System. The State Department of Transportation will then either approve or disapprove the mileage changes and certify the approved mileage to the State Controller. Between April 1, 2003 and April 1, 2004, there was a net decrease of 3.60 miles of County roads primarily due to roads being annexed to cities and concurrently, the roads removed from the County Maintained Road System.

REVIEW AND APPROVAL BY OTHERS: This item was reviewed by Deputy County Counsel Charles S. Scolastico (387-5481) on April 15, 2004 and County Administrative Office (Tom Forster, Administrative Analyst, 387-4635) on April 25, 2004.

FINANCIAL IMPACT: There is no cost to the County other than minor administration costs to update the County Maintained Road System Records.
